Karate-do MAC Bangladesh have recently opened a new Dojo at a School that is "Sidney International School".

There were Country Representatives Mohammad Ali and Kulsum Akter Kakon and the school's principal

Mr. Laurence Mansfield

, Director Mr. Mosleh Uddin and some teacher as well as other honorable guests were present at the opening ceremony.

Everyone enjoyed over there having their children seeing that they are joining a new event in their life, which is extraordinary and totally benefited for their physical and mental health condition. Every single child was performing so good that as if they did Karate before so doing good now currently.

Karate-do MAC Bangladesh hopes that this new Dojo at Sidney International School will develop to good level in the future and great goals will be achieved by the support of everyone.

Cheers for good work!

Thank you very much,

Oss
