

National Martial Art Championship – 2017

Date:

17th January 2017

Venue:

National Sports Council, Purana Palton, Dhaka, Bangladesh

Recently there was a National Championship held under the supervision of Bangladesh Martial Art Confederation. Many Karate teams joined that championship tournament and several different Karate style students participated in that event.

There was Chief Guest Information Minister Hasanul Haq Inu who is the president of Bangladesh Martial Art Confederation, General Secretary Hasan-Uz-Zaman Moni

and several honorable guests and other Karate style Senseis.

From Karate-do MAC Bangladesh' s several students participated in that tournament and they all did terrific performance and showed great bravery in joining the event and doing the competition with other Karatekas. There were approximately 100 plus total participants on the tournament.

For a great expectation is to be made by the parents that their child will do well in the championship and of course they did great work and all the students each received national championship. And got introduced to other Karatekas of different styles from them it was amazing to see other karate style students performing their style' s techniques.

Cheers for good work!

Thank you very much,

Oss
